

## ABOUT KASCOE

The Kansas Association of County Office Employees (KASCOE) is an organization that represents the county level employees of the Farm Service Agency (FSA), United States Department of Agriculture (USDA). This professional association represents the interests of all county office employees of the FSA, regardless of membership. KASCOE is affiliated with the National Association of County Office Employees (NASCOE) which was chartered in 1959 to provide nationwide, nonprofit non partisan, nongovernmental association through which the county committee employees of the Agricultural Stabilization and Conservation Service (ASCS, former name of FSA) could render better service to American agriculture by having a national medium for the exchange of ideas and information, and to facilitate closer cooperation in working toward solutions of mutual problems.

KASCOE and NASCOE continue to represent the county office employees. Our objectives are: (1) To assist in every way possible to assure successful operation of the Farm Service Agency and the attainment of the agency's objectives, (2) To cooperate with common interest groups and organizations to conserve and improve our nation's natural resources, (3) To secure equitable salaries, working conditions, and retirement provisions for all county office employees, and (4) To promote professionalism of our workers. NASCOE membership is strictly voluntary. Of the approximate 10,600 eligible county FSA employees, more than 85 percent are members. Each state has an independent state organization. These state associations are affiliated with the national organization (NASCOE). All Officers, Executive Committee Members, and Standing Committee Members are full time FSA employees who perform their NASCOE/KASCOE duties on unofficial time.
